

Hambleton Community Action (HCA) is proud to share that we now have an Armed Forces Service Champion on our staff team. They are a trained advocate who will play a vital role in supporting and promoting the needs of the Armed Forces community within Hambleton Community Action and the organisations we work with.

They will help ensure that serving personnel, veterans, and their families can access understanding, inclusive and effective services that recognise the unique experiences of military life.

Our Service Champion will act as a key point of contact and support for the military community. They have an in-depth understanding of Armed Forces culture, the challenges, and statutory requirements that both the serving and ex-military personnel and their families experience. They will help HCA to;

- Deliver high-quality, appropriately tailored services
- Build trust with Armed Forces both serving and ex-military individuals and their families
- Develop inclusive policies that reflect the Armed Forces Act 2021
- Strengthen partnerships with military charities, local services, and national networks
- Promote integration between military and civilian communities
- Advise their colleagues and promote best practice throughout HCA and with their partners where appropriate
- Act as an advocate for the Armed Forces community throughout their work
- Help shape inclusive policies and service delivery

Our Champion will ensure the Armed Forces community receives fair, accessible, and informed support, improving wellbeing, inclusion, and service delivery.

If you are currently or have been part of the armed forces community and would like some help or advise please get in touch via phone; 01609 780458, email,:

reception@hambletoncommunityaction.org or come into our Upfront community space and ask for Angela.
